Date:16.10.2024

BULLETIN #2

Sub: Hiring of Agency for Painting Work at Offshore Platform located at SunPetro's Hazira Oil & Gas Fields in Gujarat.

Ref: RFQ/Tender No.: SunPetro/Hazira/Painting Work/2024-25/SPPL-187

Sun Petrochemicals Private Limited (SunPetro), hereby authorized following amendment / clarification in the above referred Tender:

Sl. No.	Bidder Query	SunPetro Clarification
1	We also request you for some extension in the bid submission date. Also, request a online/ offline meeting for better clarity on the project scope	Tender/RFQ Closing / Bid Submission Date & Time has been extended up to 04 th November 2024 15:00 Hrs IST.
2	We request you to freeze the specification from respective manufacturers along with the nature of surface preparation for each of the locations. This will help to create common ground among the bidders	It will be as per paint manufacturer's recommendation with considering warranty period of 5 years from Bidder.
3	JOTUN has established track record for offshore application and performs well considering the long warranties. Also, for splash zone which is exposed to harshest condition, they have range of products which can withstand the associated challenges. However, the Jotun's specification mentioned in the tender may need some changes.	Bidders can select paint specification and scheme considering warranty period of 5 years.
4	Warranty of 05 years is very long period for offshore sites due to associated challenges. Request you to reduce it to 03 years with a expected life of +05 years	No change in the Terms and Conditions for Warranty.
5	Each coating undergoes some degree of degradation with time and hence some degree of defects are permissible under warranty period. There are established standards such as ASTM D 610 / ISO 4628-3 for the evaluation of performance of coatings systems. The same is being followed across offshore industries. If required, we can share the documents for your kind reference.	Info
6	Inline with the continuous discussion with the multiple paint manufacturers, paint manufacturers are not providing any guarantee of 05 yrs against paint supply, so it is getting difficult to pass on the guarantee of 5 yrs.	No change in the Terms and Conditions for Warranty.
7	Paint manufacturers are telling that in case of shot blasting only they can provide the	Blasting (wherever essential & feasible) may be permitted with all applicable safety

	guarantee for paint & in case of manual painting there will not be any guarantee for paints. whether shot blasting is allowed for all painting or not.	precautions for splash zone, spider deck, conductor casing, top and bottom plates of main deck and cellar deck, all vessels and tanks, crane pedestal and structure, flare stack, structures etc. It may not be permitted on sensitive area like process piping etc. This requirement will be mutually agreed on inspection and as per compliance to painting requirement.
8	Provided specifications are inline with Jotun Paints, but for approaching other manufacturers we need clear specifications/ scheme of painting with required micron	Bidder can select paint specification and scheme considering warranty period of 5 years.
9	As per painting specifications it is mentioned that there will be spray painting method used during painting, please confirm whether spray will be allowed in all areas.	Yes, Allowed with compliance of safety precautions.

All other terms and conditions of the Tender/RFQ remain unchanged.

Regards,

Sun Petrochemicals Pvt. Ltd.
