BULLETIN #1

Sub: Crude Oil Transfer / Booster Pumps each of capacity 200 KL / hour for Bhaskar-I Field, Gujarat.

Ref: Tender No.: SunPetro/Bhaskar/Pumps/2025-26/235

Sun Petrochemicals Private Limited (SunPetro), hereby authorized following amendment / clarification in the above referred tender:

Sr. No.	Bidder Query	SunPetro Response
1	Bidder requests client to share detailed technical pump datasheets of both tags. of NPSHA, maximum suction pressure value, Pump type (OH2/BB2/BB5 etc.) to proceed	NPSHA : Feed/Booster Pumps - 0.5 meter (at pump inlet flange) Export Pump - Discharge pressure of Feed /Booster pump (in series with Feed/ booster pump). Pump Type: Vendor may select suitable pump type for pumping Crude Oil from atmospheric conical roof tanks to refinery through cross country oil pipeline.
2	Tag numbers for both tags	Feed/Booster Pumps - P101 E/F Export Pump - P-102 E/F
3	Bidder requests client to provide the Utility details like Cooling water, steam, Nitrogen etc	Utilities like Cooling Water, steam and Nitrogen are not available, hence will be in Bidder's Scope
4	Bidder requests client to provide the Pump mechanical datasheets formats	As per API 610 latest edition
5	In both datasheets, VFD is shown in pump OEM scope. However, VFD specifications, AVL and other related details are not provided	VFD should be suitable and compatible to supplied pumps/ motors. The VFD should be a proven model with satisfactory past track record. Detailed specifications shall be worked out during detailed engineering.
6	Bidder requests client to provide the Electrical and instrumentation specifications.	Industry/ Statutory requirements/OEM specifications to be followed.
7	Bidder requests client to provide the Painting specifications	OEM specifications to be followed.
8	Approved vendor list for all bought outs with country of origins.	The bought-out items should have proven track record. The supplier shall submit list of bought out items and proposed vendor for SunPetro approval.

9	Detailed scope of supply for instrumentation requirement	Instrumentation required for safe and reliable operation of Pumps shall be supplied by vendor as part of Scope of Supplies.
10	As per price schedule format, one number pump each per tag is asked under spares. Kindly confirm the same	Serial No. 3 of BOQ is for 2-year operational spares. bidder has to submit lumpsum cost of 2-year operational spares along with price breakup of the spare list for selection and ordering of spare parts

All other terms and conditions of the tender remain unchanged.

Regards,

Sun Petrochemicals Pvt. Ltd.
