Date: 22.05.2026

BULLETIN #2

Sub: Procurement of 75 KVA and 62.5 KVA (60 KW & 50 KW) Natural Gas based CPCB-IV+ Genset for Bhaskar Field or any other fields in Gujarat

Ref: Tender No. SunPetro/Bhaskar/Gas Gensets/2026-27/SPPL-280

Sun Petrochemicals Private Limited (SunPetro), hereby authorized following amendment / clarification in the above referred RFQ/ Inquiry:

Sr No	Bidder Query	SunPetro Response
1	Can the CPCB-4+ emission standard be replaced by EU standards or Chinese standards?	CPCB-4+ emission standard is must
2	Could SUN PETRO provide a gas composition list for the natural gas (associated oil well gas), covering heating value, water content, corrosive gas levels, as well as the corresponding effective power and emission controls?	Gas analysis attached
3	If fuel gas pretreatment equipment is required to meet emission standards, is the gas pretreatment facility included in this bid quotation?	Scope includes gas pretreatment if required by bidders GG sets
4	The tender document states that noise levels must comply with regulations, but it doesn't specify the exact standard. Are there any specific sound pressure level (SPL) requirements?	As prudent bidder refer to applicable codes
5	Are the generator sets arranged in a centralized layout? Is it possible to provide a single gas treatment facility, and how many treatment locations are required? Or does each generator unit need its own individual facility?	PBG is mandatory as per the Tender Compliances
6	The basic electrical requirements for the generators, voltage? frequency?	Standard supply voltage in India. 3 phase 440 V 50 Hz
7	Are there any site installation constraints, such as space limitations, that impose specific size restrictions on the equipment?	No space limitations

All other terms and conditions of the Inquiry/RFQ remain unchanged.

Regards,

Sun Petrochemicals Pvt. Ltd.
