BULLETIN #1

Sub: Rate Contract for Hiring of Services for Surface Coating in Bhaskar Field, Gujarat

Ref: Tender No.: SunPetro/Bhaskar/Surface Coating/2026-27/SPPL-303

Sun Petrochemicals Private Limited (SunPetro), hereby authorized following amendment / clarification in the above referred Tender:

S.No	Bidder's Queries	SunPetro's Response
1	Blasting is proposed for most of the scope. However, the same may not be possible for ISBL area due to HSE constrains. In such cases, contractor / bidder should be allowed to carry out power tooling. Kindly confirm.	For areas where blasting is not possible, use of spark less brush & pneumatically operated power tooling is allowed. Bidder to bring its own air compressors and related equipment.
2	Few of the specified product requires blasting such as Inorganic zinc silicate etc. However, if blasting could not be made possible, change in Paint specification would be needed to derive most optimum performance.	This is maintenance painting & use of power tooling is allowed. Paint specification changes not required.
3	Storage facilities to keep paint and other materials are requested.	Space for placing Vendors container shall be provided.
4	Pls add line items for scaffolding. There are many locations for which scaffolding is required.	Agreed. Metallic Scaffolding pipes, clamps base plates, boards, and braces, fall arrestors etc are in bidder scope. Bidder to submit rate as per price schedule attached at appendix-1

All other terms and conditions of the Tender remain unchanged.

Regards,

Sun Petrochemicals Pvt. Ltd
